## SKILLS

- React
- ES6
- HTML5/CSS3
- TypeScript
- SASS/Styled Components
- Gitlab/Github

## LANGUAGES

- Polish - native
- English - proficient, spoken and written

## INTERESTS

- UI and UX trends
- Psychology of design
- History of cinema
- Foreign literature

## PROFILE

I am a front-end developer with passion for unique design and modern approach in web development.

I recently finished a university course, which revolved around many aspects of programming as well as business.

I was fortunate enough to be able to start getting professional experience while still studying, that period of time has taught me that even when the workload is excessive I am able to deliver.

I am eager to consolidate my knowledge of web development tools, in addition to learning about new technologies.

## WORK EXPERIENCE

### JUNIOR FRONT-END DEVELOPER

**Common Wombat | Dec 2019 - present**

- Coding components with React for websites and web applications
- Writing unit tests using Cypress framework
- Participating in a project based on Scrum methodology
- Rewriting JavaScript files to TypeScript
- Communicating with graphic designers and back-end developers on a daily basis
- Styling components with css-in-js solutions
- Implementing components based on designs provided via Figma tool
- Code review

## ACADEMIC HISTORY

### UNIVERSITY OF GDAŃSK

**B.A | OCT 2017 - JUN 2020**

Bachelors degree in Computer Science and Econometrics - IT Applications in Business

Dissertation topic: *"Project of a web application aiding communication within an international team"*

## SOFT SKILLS

- Ability to work independently as well as within a diverse team
- Fascination with the inner workings of technology, user behaviour and many other aspects of web design
- Self motivation
- Good communication skills
- Eagerness to face new challenges daily
